NRuM

STATE: Uttarakhand

Cluster Details

MINISTRY OF RURAL DEVELOPMENT

STATE: Uttarakhand

BASIC INFORMATION

MINISTRY OF RURAL DEVELOPMENT

DEMOGRAPHY

- Total Population- 1,00,86,292
- Rural Population- 70,36,954 (69.7% of the Total Population)
- No of Census towns- 42
- No of Gram Panchayats- 7,541
- % population involved in Agriculture – 2.50 Lakh (Main + Marginal)

STATE STATISTICS ON BASIC INFRASTRUCTURE IN RURAL AREAS

- % Households Covered With IHHL- 74.90% (2012-2013)
- % Households With Piped Water Supply Coverage - 63.90%
- % households with LPG gas connections- 19.58 Lakhs (till 2012)
- % coverage with black topped roads- 71.56 % (8599 Km Sanctioned & 6154 Km Built/Under construction)
- % gram panchayats with NOFN- 9.11% (161 from 1767 Gam Panchayat Covered in Phase-I)

TOP 20 SUB DISTRICTS IN THE STATE

S. No.	Name of District	Name of Sub-District	S. No.	Name of District	Name of Sub-District

VISION STATEMENT FOR THE CLUSTERS

The clusters will be developed as model clusters by providing a secure community environment, essential infrastructural facilities and services under NRuM that fosters cultural, social, recreational, educational and sustainable livelihoods opportunities in the clusters and will also develop them a green, ODF, Zero waste and e-cluster.

Step 3 of ICAP template- Cluster Profiling

Administrative Profile- Table 8 of ICAP template

Details		Total
1	No of Gram Panchayats in the cluster	06
2	Name of Block Head Quarters	Bahadrabad
3	Name of the BDO	Anita Panwar
4	Distance of the Block Headquarters from the largest settlement in the cluster. (in km)	07 km
5	Agencies providing key services	
	Water Supply and sanitation	jal sansthan
	Village streets and drains	gram panchayat

SWOT ANALYSIS OF CLUSTER

STRENGTHS

- ❑ **Planned Area**- The Cluster region is under Master Plan of Haridwar, hence it has a landuse plan. Thus, a planned growth could be envisioned .
- ❑ **Connectivity**- The cluster is well connected with major District Headquarters, Railway Stations & Airports

District Head Quarters

Haridwar- 13 KM

Dehradun- 51 KM

Saharanpur- 51 KM

Muzaffarnagar- 67 KM

Nearby Railway Stations

Ikkar- 7 KM

Jwalapur- 8 KM

Pathri- 9 KM

Haridwar Jn- 12 KM

Airports

Dehra Dun Airport- 49 KM

Muzaffarnagar Airport- 72 KM

Chandigarh Airport- 163 KM

Simla Airport- 176 KM

- ❑ **Industrial Area**- SIDKUL Area is developed at the fringe of the cluster.
- ❑ **Good Governance** – The initiatives in Digital India are awarded. Same initiatives could be taken up in other sectors too.

SWOT ANALYSIS OF CLUSTER

WEAKNESS

- ❑ **Gaps In Infrastructure Delivery**- There are gaps in basic infrastructure in the cluster. This needs to be assessed and uplifted through NRuM.
- ❑ **Quality of Service** – The quality of service for Health and Educational Sectors need to be uplifted.
- ❑ **Migration** – Due to its strategic location adjoining to the Urban Centers Like Haridwar, Roorkee, Saharanpur etc, lot of migration in search of job happens to these Areas.
- ❑ **Lack of Major Market Facility** – The Cluster does not have a Major market for selling Agri – Products. Facilities from other areas have to be explored.

SWOT ANALYSIS OF CLUSTER

OPPORTUNITY

- ❑ **Tourism Facilities** – Haridwar City seeks a very heavy tourism load during Kanwar Festival (happening every year during July) and Kumbh Festival (happening every 6th Year). People have to even stay on roads during Kumbh Festival. This load could be shared by the cluster by developing some tourism linked facilities and considering it under the Kumbh Mela Development Plan.
- ❑ **Herbal/Ayurveda Medicines** – Cluster has immense potential for the Herbal/Ayurveda Medicines. Patanjali Yogpeeth and renowned Ayurveda College is located near to the cluster. This potential of the cluster could be explored further.
- ❑ **Planned IT Sector** – There is a proposed IT sector in the master plan of Haridwar. This could be a good opportunity for the cluster.

SWOT ANALYSIS OF CLUSTER

THREAT

- ❑ **Unplanned Development** – Due to the announcement of Rurban Cluster under NRuM, the cluster can experience an abnormal, unplanned and exponential growth.
- ❑ **Environmental Concerns** – Uttarakhand has experienced a major natural disaster in 2013. Environmental Destruction is one of the major cause for it. Therefore the Environment Factors must be taken care of for the extensive tourism load as well as development activities which will directly effect this cluster.
- ❑ **Conservation/Preservation** – Conservation/Preservation of heritage, art, tradition, flora & fauna etc of the cluster to be taken care of.

Step 3 of ICAP template- Cluster Profiling

Administrative Profile- Table 8 of ICAP template

Details		Total
1	No of Gram Panchayats in the cluster	8
2	Name of Block Head Quarters	Doiwala
3	Name of the BDO	Mr.D.S.Mehra
4	Distance of the Block Headquarters from the largest settlement in the cluster. (in km)	7 km
5	Agencies providing key services Water Supply and sanitation Village streets and drains	Jal nigam, Jal Sansthan, Swajal and Gram Panchayat

STRENGTH

Availability of land .
 High literacy rate especially among rural women folk.
 Airport (national and international connectivity)
 Hospital facility.
 Existence of community inst

1-

WEAKNESS

Almost urban amenities are poor quality in terms of overall appearance.
 Potable water scarcity
 problem of solid and liquid waste management
 lack of vocational training institute

Athoorwala

OPPORTUNITIES

Organic farming
 CBOs formation
 home based industries
 food processing
 educational hub
 Huge potential of industrial employment and self employment.
 Opportunities of skill training/capacity building for placement linked employment as well as self employment.

THREATS 1-

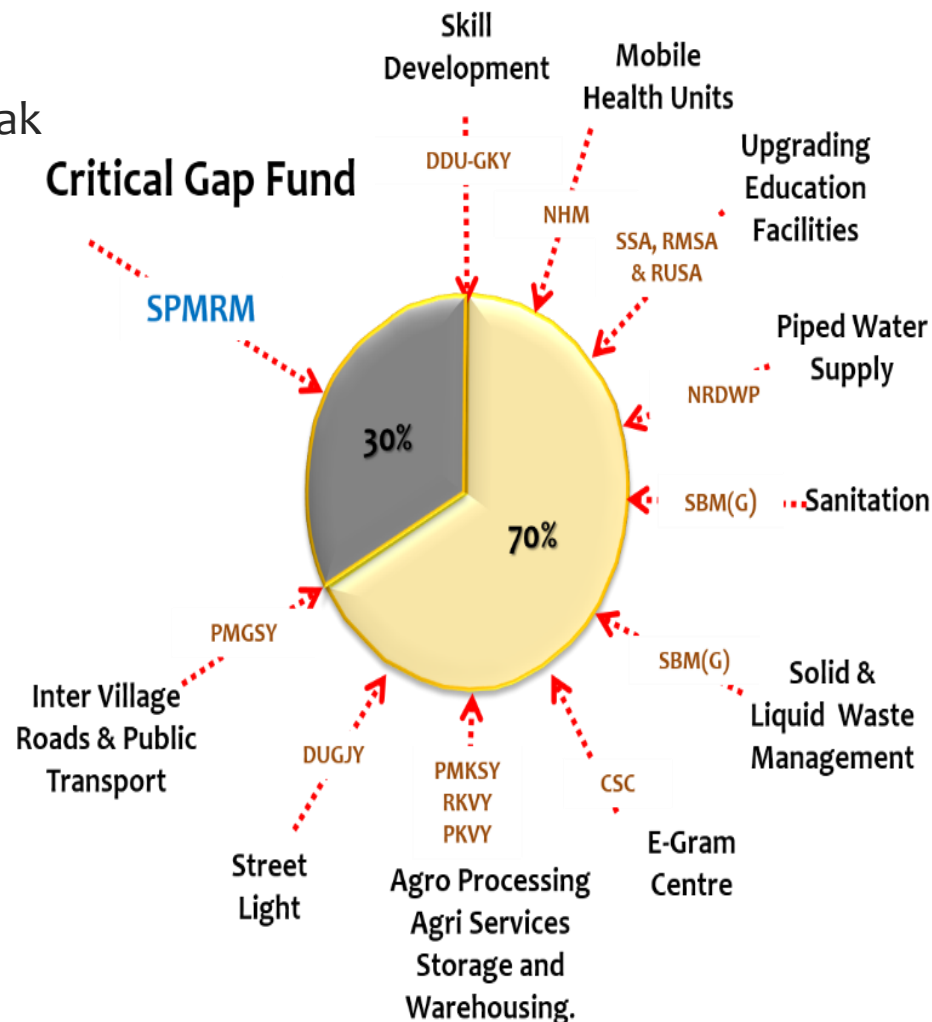

rapidly increasing population
 Unplanned construction
 decreasing level of ground water
 Environmental disasters.
 Natural disasters
 Unavailability of fund on time

Great potential of rural products for marketing.
